Hi Sharon,

We send out violation letters every quarter for all safe drinking water act violations. These include your arsenic exceedances, any failures to conduct monitoring and/or post public notice. Because your water system is out of compliance with our arsenic standard, you will continue to receive violation letters every quarter. Please let me know if you have questions. Thanks,

Emmanuelle

Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the **10th** of the month following the month that you receive results, or the **10th** of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.

Good Morning Emmanuelle,

Is everything ok with First Mesa Water System? We received a letter on dated Jan. 23, 2017 and we are aware of this situation of arsenic violation. Please inform if any new information regarding the water system. I know where ok.

Thank you, Sharon-FMVC Water
